

Choice of Hardware

Lever/lever handle (internal shot) finished in satin Nickel

Lever/flat handle option for reduced stacking space

Pull handle, to assist the locking into position of the bi-fold door

Lever Handle

Fitted to the main access door, an aesthetically pleasing and durable locking door handle ergonomically designed and engineered. You can choose a lever/lever handle or lever/flat handle option, the latter reduces the stacking widths of the doors. Each handle set comes complete with 3x keys.

Flat Handle

The primary use is to operate the shootbolt mechanism, a simple twist of the handle locates the shootbolts into position within the top & bottom track securing the door into position. All door systems are supplied with flat handles.

- Additional flat handles can be purchased to be externally fitted

Pull Handle

All outward opening door systems are supplied with the correct number of pull handles fitted to your door. Located internally to assist the locking into position of the bi-fold door when operating the flat handle.

Colour options for handles (lever/flat/pull):

Available in Black, White, Gold, Chrome or Satin Nickel as standard, Stainless steel (recommended for coastal regions) as an upgrade.

Butt Hinges

All our door sets are fitted with these extremely strong and durable hinges (Black, White or Satin Nickel as standard).

The security hinges are fitted within the frames interlocking tongue and groove profile, making it impossible for intruders to attack the hinge.

- Heavy duty security folding door butt hinges
- Security is provided via the secret grub screw (non visible)
- Stainless Steel option recommended for coastal regions

We are constantly improving our products therefore reserve the right to update our hardware range.
